WHAT THE FRINGE?

Welcome to the 3rd annual Reykjavik Fringe Festival, home of the Icelandic grassroots art scene as well as a platform for more established performers to experiment and play. Our artists are a mix of local and international performers, speaking, singing and screaming in a variety of languages - or none at all.

Venues are all in central Reykjavik, a close walking distance from one another. Tickets are affordable and the atmosphere always welcoming. Find out more at RVKfringe.is

LIVESTREAM

In 2020 our international performers were unable to bring their shows physically to Iceland, so instead we've offered them to perform via online Livestream - free to watch! You can watch all the Livestream shows at crowdcast.io/rvkfringe or you can join .
